AMERICAN DELEGATION TO PARIS PEACE CONFERENCE IN 1919 HAD INSTRUCTIONS TO PROPOUND ESTABLISHMENT OF INDEPENDENT AND SOVEREIGN UKRAINE

RESEARCHER DR. MARY KLACHKO FINDS OFFICIAL DOCUMENTS, INCLUDING MAPS

WASHINGTON, D. C. — The Delegation of American Plenipotentiaries to the Paris Peace Conference in January-June of 1919, had explicit instructions to propound the establishment of an independent and sovereign Ukrainian state including Eastern Galicia and the Crimea, on condition that "Ukrainian nationalism is strong enough to justify that decision." Dr. Mary Klachko, a research analyst at Columbia University, has discovered original documents and maps with regard to the political problems of Eastern Europe and Ukraine in particular. One of these documents, bearing the date of January 21, 1919, and titled "Outline of Tentative Report and Recommendations. Prepared by the Intelligence Section, in accordance with instructions, for the President and the Plenipotentiaries," concerns Ukraine and it reads as follows:

THE UKRAINE

It is recommended:

- 1) That there be established a Ukrainian state, provided Ukrainian nationalism is strong enough to justify that decision. See maps 4-7.
- 2) That Eastern Galicia be included in the Ukrainian state, if the state is strong; otherwise, in Poland as a self-governing province, guaranteed the right to determine its allegiance at a later date.
- 3) That the Crimea be given to the Ukraine.

Discussion

- 1) It is recommended that there be established a Ukrainian state, provided Ukrainian nationalism is strong enough to justify that decision.

Photostatic copy (smaller) of the original map No. 4, referred to in the document, with specifically delineated borders of Ukraine and other East European countries, whose political independence was to be propounded by the American Delegation at the Paris Peace Conference in 1919. This map, marked as "Inquiry 662," is titled "Proposed borders of Russia." An additional thin line (not visible on the photostatic copy) can also be detected on the original map, with an explanation that it represents the "language borders." The ethnographical border line of Ukraine coincides mostly with the proposed political borders of Ukraine, although it does not encompass the Crimea, but includes the Kuban area and Transcarpathia.

UKRAINIAN BANDURIST CHORUS COMPLETES SUCCESSFUL TOUR

DETROIT, Mich. — The famous Ukrainian Bandurist Chorus, consisting of 25 singers and instrumentalists under the direction of Ivan Zadorny, toured eight states from October 3 to October 23, with extremely gratifying results. They made successful appearances in 15 colleges and universities in Ohio, Illinois, North Dakota, South Dakota, Colorado, Nebraska, Texas and New Mexico. The concerts were attended primarily by university students in large numbers, the audiences frequently exceeding four thousand listeners. The Bandurists presented musical numbers ranging from ancient liturgical chants and sacred music to the folk songs and heroic legends of the Ukrainian people. In every concert, the Bandurists received standing ovations from enthusiastic and most appreciative audiences, and the reviews in the newspapers were superlative to say the least, as the Ukrainian Bandurist Chorus garnered yet another in a long series of successful acclamations in their 40-year history of propagating the Ukrainian art and culture. The excerpts of some reviews, the writers of which were exposed to Ukrainian music for the first time, follow:

"Appearing under the sponsorship of Northern Hills Community Concert, the 26-man Ukrainian Bandurist Chorus presented a program that ranged from the melancholy songs of their fatherland to a stirring rendition of 'America, the Beautiful' — their new homeland. The English rendition of the number was their final selection of a four-encore group and brought the concert to a thrilling climax... 'The audience was reluctant to let them go, even after four encores, knowing that perhaps never again would the area enjoy such an outstanding performance of a chorus whose resonant voices blended like the chords of a mighty organ.' (Wynifred Lindstrom of the Lead Daily Call, Lead, South Dakota). 'Only the stone-hearted could deny the warm rush of feeling that surged through

UNA DISTRICT COMMITTEES MEET MEMBERSHIP DRIVE INTENSIFIED

A series of meetings of the UNA District Committees, as well as individual branches, took place in the first weeks of November, in conjunction with an intensive drive to gain new members for the Ukrainian National Association. At the meeting of the UNA Supreme Executive Committee, held on October 22, it was decided to launch a new campaign for the purpose of acquiring at least 2,700 new members before the end of 1962, and thus attain the assigned quota of 6,000 new members. Consequently, the supreme officers of the UNA, as well as all branch officers, organizers and delegates to the last convention have been intensifying their efforts in the membership campaign. Regional meetings of UNA branches have been considering new ways and means to organize members as well as to implement various plans and resolutions adopted by the 25th convention of the Ukrainian National Association.

PHILADELPHIA DISTRICT COMMITTEE ELECTS STEPHEN HAWYSH TO CHAIRMANSHIP

The annual meeting of the Philadelphia District Committee was held on November 4, at the Ukrainian Citizens Club. Thirty four UNA Branches were represented at the meeting which was chaired by O. Bakay, with M. Senyk and R. Bednarsky serving as secretaries. The meeting was attended by Dr. Jaroslav Padoch, UNA Supreme Secretary, who spoke on the general organizational achievements during the last quarter of the year. Dr. Padoch pointed out that the Philadelphia District represents one of the largest regional branches of the UNA, consisting of 34 individual branches with approximately 7,000 members, represented on the supreme assembly level by three officers: Dr. W. Gallan, chairman of the Auditing Committee; Helen Shtohryn and John Odezynsky, Supreme Auditors. Dr. Padoch appealed to all representatives to maintain administrative efficiency within their branches, to elect the best possible officers at their respective annual meetings and to invigorate active campaigning for new members.

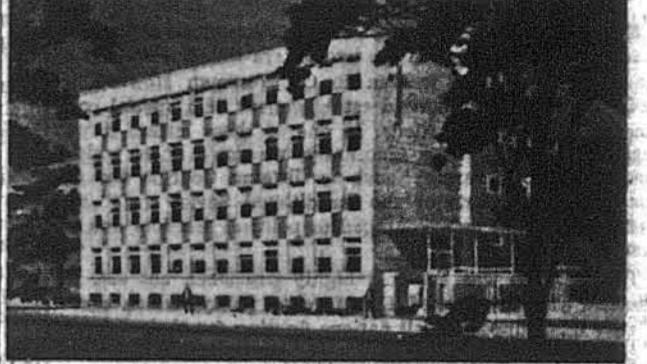

NEW YORK DISTRICT COMMITTEE MEETS

On Friday, November 8, the UNA District Committee comprising branches of the New York City area, held a meeting at the Ukrainian National Home. The meeting was presided by the chairman John O. Flis, who reported on the activities of the District Committee over the last three months, and he was followed by the officers of the Committee, W. Klawanik and W. Ciupa. The New York District is the largest among the UNA districts in terms of the number of branches and members, and it has been one of the most successful districts (being superceded only by the Chicago district) in organizing new members. The principal speakers at the meeting were J. Lesawyer, UNA Supreme President, and Dr. J. Padoch, UNA Supreme Secretary. Mr. Lesawyer reviewed the activities of the past year and outlined new methods of organizing members of the UNA, advising the secretaries and organizers to apply techniques similar to those used by the large insurance companies and to work out a planned drive to gain more members. Dr. Padoch gave a comparison of the organizational efforts of the District during the pre-convention and the post-convention periods, noting a relative lull in the work over the latter period of time. He urged the members to intensify their efforts during the next two months so as to attain better results by the end of the year — results which the District is quite capable of achieving. Dr. Padoch also informed the participants that the third annual course for the secretaries and organizers will be held at Soyuzivka, beginning November 30, and he urged them to take part in it. A very lively discussion followed in which a number of members participated. Later on, Mr. J. Kulynych presented a half-hour film of the last UNA Convention.

"DNISTER" BRANCH IN ORGANIZATIONAL SESSION

The UNA Branch 361 "Dnister" held a special organizational meeting on Friday, November 8, in its own quarters. Special speakers at this meeting were J. Lesawyer, UNA Supreme President, and Dr. Padoch, Supreme Secretary, both of whom discussed exhaustively and constructively the new ways and means of invigorating the organizational life within this branch which constitutes one of the largest in the UNA structure. The "Dnister" branch has suffered a number of losses in membership during the last few months, and it was resolved that new methods, coupled with vigorous efforts on the part of all members, would have to be implemented immediately in order to gain an upsurge in the present membership drive. Consequently, the discussion which followed the reports of the officers and the speeches of the members of the Supreme Committee, was extensive, lively and encouraging. The following members were given the floor by the chairman W. Wyshvany: M. Piznak, S. Kowalchuk, P. Kuchma, B. Levitsky, R. Krupka, M. Meletyeh, I. Halychyn, P. Khomitsky, I. Pryhoda. The discussion reflected the anxiety over the losses in membership, but the firm and resolute spirit of a renewed drive was prevalent. All participants resolved to renew their efforts during the remaining two months of the year in order to conclude successfully this year's membership campaign.

The new parish school of SS. Peter and Paul Ukrainian Catholic Church in Jersey City, New Jersey, erected according to the plans of A. Osadca, well-known Ukrainian architect.

JERSEY CITY, N. J. — The SS. Peter and Paul Ukrainian Catholic Church celebrated its 75th Anniversary on Sunday, November 18, with special blessing ceremonies of the Chapel in the newly-erected school building and with a Jubilee banquet held at the Ukrainian Community Center in Jersey City. The second Ukrainian Catholic Church in the United States was founded in Jersey City in 1887 by the late Rev. John Vofniansky who was the first Ukrainian priest to arrive in this country. The present Jersey City Ukrainian Catholic Church was built in 1901. Since 1958, the pastor has been the Very Rev. Anthony Borsa, currently the Dean of the New Jersey Deanery of Ukrainian Catholics. In spite of inclement weather, the Jubilee was solemnly initiated with a procession from the parish rectory to the Chapel in the new school at Bergen and Bentley Avenues, where the blessing ceremony of the Chapel took place. The first Holy Mass ritual was celebrated by Rev. Krochmalny of Ambridge, Pa., assisted by the Rev. Fathers M. Mykhailiv, W. Tanchak, M. Fedorovich and S. Sulick. The sermons were delivered by Rev. Bodnar in Ukrainian and Rev. Sagan in English. The blessing ceremony of the Chapel was performed by Vicar General Msgr. Michael Poloway, who represented His Excellency Metropolitan Ambrose Senyshyn, now attending the Second Vatican Ecumenical Council in Rome. The responses to the Mass were sung by the joined choruses of the Bayonne and Jersey City parishes, conducted by I. Zadorny, with O. Stecura rendering solo parts. The Jubilee banquet commenced at 6 P.M. with a large number of parishioners, clergy and special guests in attendance. The principal speaker at the banquet was Very Rev. Msgr. S. Chehanaky, supreme president of "Providence" Association, and Very Rev. W. Bilynsky, pastor of Passaic, N.J. The toastmaster at the banquet was S. Magura, Jersey City lawyer.

The Ukrainian National Association, which was instrumental in the erection of the school and chapel through the granting of a sizable loan, was represented by Joseph Lesawyer, Supreme President, and Roman Slobodian, Supreme Treasurer. Among numerous dignitaries present at the banquet was Jersey City Mayor Thomas Ganecki who also delivered a speech. Official greetings were received from Richard G. Hughes, governor of the State of New Jersey. Very Rev. Anthony Borsa, who has been the moving force behind the efforts to erect this magnificent new school building, also spoke at the banquet which was concluded with a prayer by Rev. Msgr. M. Poloway and with the singing of Bohde Velykyi.

International Anti-Communist Conference in Malta Voices Support for Captive Nations

VALETTA, Malta. — The International Conference on Communism, held here on October 27 through November 4, adopted unanimously a series of resolutions condemning Soviet-Russian imperialism and the tyranny of the Kremlin regime, at the same time voicing strong support of the captive nations enslaved by Moscow. The principal resolution was submitted by the Hon. Charles J. Kersten, former U.S. Congressman from Wisconsin, and it expresses, among other points, full support of the firm and courageous policy adopted by President Kennedy with regard to Cuba. Also, the resolution calls for the continued maintenance of American defensive bases, as a safeguard against Communist aggression, until the final withdrawal of Communist occupation from Ukraine, Belorussia, Lithuania, Latvia, Estonia, Georgia, Armenia, Azerbaijan and other captive nations of the USSR, as well as from Poland, Hungary, Bulgaria, Romania and other Communist-dominated nations. Attending the week-long conference were also: Y. Stetko, Mrs. Y. Stetko, W. Yaniv, and W. Mykula, each of whom spoke at the conference on various topics dealing with the struggle against the Communist menace. Among other resolutions adopted unanimously at the conference was one by W. The proposed resolution of Mrs. Y. Stetko, calling for an intensified political offensive against Moscow, also received unanimous support.
