Sculptor Mol's New Work of Art Unveiled in Winnipeg

WINNIPEG, Man.—A new work of art by the renowned Ukrainian sculptor Leo Mol-Molodozhanyan was unveiled here on Tuesday, August 3, at the site of Manitoba's Centennial Arts Centre amid colorful ceremonies attended by seven Canadian premiers and numerous other dignitaries from across the nation.

The provincial premiers were in Winnipeg to take part in the sixth annual conference which was held here on Monday and Tuesday, August 2 and 3. They were asked to leave their handprints on an inset that will be attached later to the base of Mr. Mol's sculpture. The work of art has been temporarily placed at the northeast corner of Market and Main Streets here so as not to obstruct the construction which is expected to start soon on the 10-

million cultural center. Plans call for completion of the center by 1970. At that time Mr. Mol's sculpture, mounted on a three-ton base, will be placed in its permanent location.

Called "circle of unity," the artist's most recent creation was specifically designed for Manitoba's Centennial Arts Centre. It shows a circle to which are attached coats of arms of Canada's ten provinces, Yukon and the Northwest Territories. The buffalo, Manitoba's provincial symbol, extends across the lower part of the circle.

Mr. Mol, who is well known among Ukrainians for his excellent execution of the Taras Shevchenko statue in Washington, D. C., has recently completed a bust of former President Dwight D. Eisenhower.

J. Lesawyer, Mary V. Beck To Speak at Detroit's UNA Day

DETROIT, Mich. — UNA Supreme President Joseph Lesawyer and Detroit's popular Councilwoman Mary V. Beck will be the main speakers at the Motor City's traditional "UNA Day" to be held tomorrow in the Parish Gardens of nearby Pontiac, Mich. Several other members of UNA Supreme Assembly and civic and political leaders of Detroit will also attend this festive occasion.

The event, sponsored by the Detroit UNA District Committee, is expected to attract scores of Ukrainians from the Detroit-Windsor area and neighboring communities scattered on both sides of the U.S.-Canada border. A special committee has been working feverishly to complete arrangements for a day-long program of entertainment and diversion for young and old alike.

Highlighting the afternoon entertainment program will be Detroit's famed "Boian" boys' choir under the direction of Prof. Cyril Cependa. This ensemble of youthful

singers has made numerous appearances before Ukrainian and American audiences and has been acclaimed as one of the best and most original choral groups of its kind. The choir's extensive repertory includes Ukrainian folk songs and compositions, some of which will be performed here for the first time in new arrangements written by Prof. Cependa. Several other Ukrainian artists will add variety to the afternoon's highly entertaining program. The festivities are scheduled to get under way at 1 P.M. Dancing music will be provided by the "Verkhovyna" Orchestra.

Mr. Lesawyer will also address the UNA District Committee's semi-annual meeting, scheduled for tonight, at which Branch officers will hear reports on the activities and progress over the past six months. Mr. Volodymyr Hirniak, UNA regional organizer, will give a summary review of the organizational progress over the same period.

This Weekend at 'Soyuzivka'

KERHONKSON, N. Y. — Hundreds of vacationers, guests and visitors flocking to the UNA resort here in the rolling Catskills will be treated to yet another fine evening of entertainment tonight featuring the "Prometheus" male chorus of Philadelphia and the popular stage and TV actor William Shust.

Billed as an "Evening of Song and Word," the program, to be presented in the auditorium of "Soyuzivka's" Veselka Pavilion, will feature dramatic recitations by Mr. Shust, an art in which he is extremely well versed, and vocal renditions by the "Prometheus" chorus. The latter group, directed by John Zadorozny, is well known to the Ukrainian public from numerous appearances at public events and independent concerts.

Mr. Shust, who is known to theatre audiences throughout the nation, has just concluded an extended tour of the country appearing with Dane Clark in the Broadway comedy "Nobody Loves An Albatross." The play was staged at the Mincola Theatre on Long Island, with performances following at the Westport Country Playhouse in Connecticut, the Coconut Grove Playhouse in Miami and the Tappan Zee Playhouse in Nyack, N. Y.

On Sunday, "Soyuzivka" will host the soccer team of the Ukrainian Sports Club of New York, the newly crowned soccer champions of the United States. The club's management and players will be feted at a luncheon given by the UNA, and introduced to the public.

Red Persecution of Ukrainian Church Described in Senate Study

WASHINGTON, D.C.—The Soviet Union, in its efforts to destroy all semblance of religious belief, has systematically annihilated all churches within its borders, with the exception of those professing allegiance to the Russian Orthodox Church which reached a "truce" with the Soviet government during World War II, according to a recent study released here by the Senate Internal Security Subcommittee.

Prepared at the request of Sen. Thomas A. Dodd (Dem. Conn.), who is vice-chairman of the subcommittee, the study was done by the Law Library of the Library of Congress.

Calculated Destruction

The new study, amply documented with statistical data, reviews the calculated destruction of religious organizations from shortly after the Red revolution in 1918 until a few years after the conclusion of World War II.

In his foreword to the work, Senator Dodd says the publication gives "a detailed account of various forms of harassment and persecution to which the religions of the USSR have been subjected."

Related in detail is the persecution of Eastern Rite Catholicism in Ukraine where bishops were arrested. Only one, Metropolitan Josyf Slippy, survived and was released by the Communists after eighteen years of exile and imprisonment in Soviet concentration camps. Subsequently elevated to the rank of Cardinal, he now resides in

Rome.

The study further reveals that of the 3,040 Ukrainian Catholic parishes, all were either seized by the government or given to the Russian Orthodox Church. Priests were imprisoned, nuns dispersed, seminarians made refugees and all Catholic associations ended.

"The Soviet regime," the study relates, "has considered it expedient not only to treat the particular religious denominations differently, but the particular branches of the same denomination as well. The best example of this is the ruthless persecution of the 4.3-million-member Ukrainian Catholic Church. The reason for this is quite simple. While the Catholics of the Latin Rite in the USSR were predominantly, if not exclusively, of foreign extraction, the Eastern Rite Church in Galicia and Transcarpathia was comprised of Ukrainians only."

Fearing that the Church might spread its influence deeper into the Soviet Union, the Moscow regime subjected it to "severest persecution and finally to formal extermination."

The study also notes that in several areas of Eastern Europe, which were incorporated into the Soviet Union during and after World War II, the population was predominantly Roman Catholic. Most of the populace of those areas was eventually evacuated into Poland. "Therefore, only a few Catholic churches remained and they, according to the reports of travelers, are still open."

Manitoba U. Accepts Ukrainian As Matriculation Subject

WINNIPEG, Man. — The Senate of the University of Manitoba, at its meeting in May of this year, approved a recommendation that "Ukrainian 300" be included in the list of optional subjects in the Grade 12 University Entrance program, according to an announcement made by George Johnson, Manitoba Minister of Education.

The recommendation means that starting with the new school term Ukrainian will be recognized by the University of Manitoba as a matriculation subject for which full credit will be given by both the high schools of Manitoba and the University. Ukrainian will be an elective subject in the University Entrance program from Grade 10 and 11 to Grade 12 effective this coming September.

At this time it is difficult to determine how many departments of the University will actually include Ukrainian in their programs as an elective subject, but there are indications that the faculties of arts and agriculture will be adding Ukrainian to their list of elective courses acceptable for senior matriculation standing. As in previous years, all Ukrainian language courses offered by the University will be fully accredited.

Edward Derwinski Criticizes Consular Convention with USSR

WRONG TIME, WRONG TREATY, WRONG COUNTRY, SAYS ILLINOIS LEGISLATOR

WASHINGTON, D.C. — Illinois Congressman Edward J. Derwinski, member of the House Foreign Affairs Committee, in a speech made on the House floor Monday afternoon, charged that Senator Fulbright railroaded the Consular Convention with the Soviet Union through his Committee with only a minimum time given to the vast implications of the matter.

Derwinski pointed out to the House that the Senate Committee approved the measure after one executive hearing, one public hearing and one executive session at which the only witnesses were the Secretary of State Dean Rusk, and his legal advisor, Mr. Leonard C. Meeker. The Illinois Member charged that individuals and organizations of citizens were denied the opportunity to express their opinions before the Committee.

Full-Scale Inquiry Demanded

Derwinski told the House: "I have asked the Chairman of the House Foreign Affairs Committee to conduct a full-scale inquiry into the impact the ratification of the treaty might have on U.S.-Soviet relations, as well as the complications it would cause in the Free World."

"This is the wrong time for this treaty since there is much less emphasis from Moscow these days on peace-

ful co-existence," Derwinski said. "Moscow's features, as far as they face the West and specifically the United States, are obviously an unceasing scowl. Moscow's voice — except, so far, on economic and commercial matters — is becoming harsh and growling."

"If we should, for example, establish consulates in any of the Baltic States, it would represent a de facto recognition of Soviet control which would be an international triumph for Communism," he pointed out.

The Congressman went on to say that two other cities in the USSR where the Kremlin might suggest the American Government establish consulates are Minsk, the capital of Byelorussia, and Kiev, the capital of Ukraine. Since those two republics have voting rights in the United Nations, Derwinski stated, it would be a mockery of justice to consider consular offices there.

"I call the attention of the House to the bill I have introduced to express the sense of the Congress that the U.S. Government should establish direct diplomatic relations with the governments of the Ukrainian SSR and the Byelorussian SSR as a means of dramatizing the Soviet captivity of those lands."

The Illinois Member told the House that the hearings (Continued on p. 3)

MANOR COLLEGE SPONSORS RECITAL

JENKINTOWN, Pa.—Preserving and sustaining the ancient rich culture and heritage of the Ukrainian people has been the devoted concern of the Sisters of St. Basil the Great through nearly fifteen centuries of education among the young.

Manor Junior College, an all-girl school operated by the sisters here has presented many outstanding events over the years as part of its cultural program of activities. On Sunday, October 24, 1965, the College will sponsor a recital by the internationally celebrated pianist Malvina Leshock at New York City's famous Carnegie Hall.

Miss Leshock, who is of Ukrainian descent, has studied with the great French master Isidor Philip of the Paris Conservatory, with Mieczyslaw Horszowski, Pierre Manteux, and the famed Brazilian

composer Villa Lobos. She has toured the European continent with considerable success, and was recently invited by the Spanish Ministry of Culture to perform in the Festival of Music at Santiago de Compostela. In Spain, as elsewhere in Europe, her artistry revealed "a certain attention and presence... dynamic and energetic, sensitive and thoughtful playing..." ("Le Matin," Antwerp, "London Telegraph").

In sponsoring this recital, Manor College hopes for a large turnout of Ukrainian-Americans from the Greater New York area. Groups and organizations can avail themselves of special offers on ticket arrangements. Proceeds from the concert are designated for the Manor Junior College Building Fund. All tickets are tax exempt.

Ukrainian Cultural Courses Open Classes at 'Soyuzivka'

52 STUDENTS ENROLL IN FOUR-WEEK SESSION

KERHONKSON, N. Y. — Fifty-two students — thirty-five girls and seventeen boys — arrived here on Sunday, August 8 to attend the four-week summer session of the Ukrainian Cultural Courses held each year at "Soyuzivka" under the joint sponsorship of the Ukrainian National Association and the Ukrainian Youth League of North America Foundation.

Mostly students of American and Canadian universities, the participants are divided into three basic groups — elementary, intermediate and advanced — depending on their knowledge and proficiency in the Ukrainian language, history, geography and literature, subjects in which instruction is given here daily on a full-time basis. Open to young men and women between the ages 16 to 21, the Courses will last until September 2.

The class of 1965, the twelfth such group to enroll in the UNA operated Courses conducted here since 1954, was welcomed in a brief opening ceremony on Sunday by the UNA Supreme President Joseph Lesawyer, members of the teaching staff headed by Prof. Wasyl Steciuk of Seton Hall University, the managers of "Soyuzivka" and representatives of the UYLA. Also taking part in the ceremonies were the students' parents, vacationers and guests.

stay at this luxurious resort. Prof. Steciuk, in reviewing briefly the history of the Courses, noted that there are more than 1,000 graduates who have successfully completed the program of studies offered for twelve consecutive years. Many of them have attained great success in their chosen professions while remaining active in various areas of Ukrainian organized community life.

Other speakers who addressed the students briefly were: Prof. Ivan Blyznak, member of the teaching staff, Messrs. Anthony Dragan, "Svoboda" Editor-in-Chief, Volodymyr Kwas, Daniel Slobodian, Walter Bacad, folk dancing instructor at the Courses, Eugene Wadiak and Joseph Smindak. The Rev. Lubomyr Husar spoke the benediction at the close of the ceremony.

BOYS CLOSE OUT CAMP

Another UNA sponsored program for youth, the children's camp, came to a close on Saturday, August 7, as some fifty boys staged a program of songs, dances and recitations concluding a three-week tour at the "Lviv" camp site here. The boys' camp, preceded by a similar tour for the girls, was supervised by Mrs. Maria Chymyne who was assisted by a qualified staff of counselors. The flag-lowering ceremonies, signifying the camp's closing, were witnessed by scores of parents, guests and attending UNA officers led by Supreme President Joseph Lesawyer. They were all treated to a delightful performance by the young campers, who showed talent and dexterity in rendering even the most difficult numbers on the program. One could almost sense that what they learned here will remain with them forever.

Even for Youthful Employees — There's No Place Like 'Soyuzivka'!

Picture taking is a luxury that the hard-working "Soyuzivka" employees can rarely afford. Even this group photo does not show all of the 72 youngsters employed at this UNA resort during the summer season. With them duty comes first, as thousands of "Soyuzivka" guests and visitors have learned at one time or another. Yet in spite of "sweat and toil" they find the experience doubly rewarding in that they are able to spend their summer vacations at a Ukrainian resort while earning money to help finance their education. They come from places near and far—New York, Pennsylvania, Connecticut, Illinois, Massachusetts, Ohio and Florida. Also shown in this photo are their supervisors, Daniel Slobodian (front row, first from the left), Volodymyr Kwas (front row, third from the right), as well as members of "Soyuzivka's" permanently employed staff: Volodymyr Berzika (top row, first from the right), P. Balaban (top row, first from the left), the chefs Wasyl Tatunchak and Andrew Lesiw (top row, center), Mrs. Osidach (fifth from the right, standing next to Mr. Kwas) and Adrian Lapychak (third from the left).
